fertilizer Recommending System

using Deep Learning

Project planning

Project Requirement

- Specification Requirement
- Project Requirements
- Project flow
- Web Site Handling

ARAVIND T
30 MINS

HARISH K
25 MINS

Project Processing

- Technology
- Futher requirements
- Data Processsesing
- Cloud Platform

PROJECT Planning

Project Analysis

- Collecting Information
- Project Analysis
- Data Collection

CHANDHRU L

BALASUBRAMANIAM V
45MINS

Image Classification

- Deep Learning
- image Processing
- Flask

PROJECT MODULES

Fertilizer System

- classification
- User Interface

Module-1

- 1.Collecting Information
- 2.Specification requirements
- 3.Project Flow
- 4.Project requirements

Module-2

- 5.Project Analysis
- 6.Futher requirements
- 7.Technology
- 8.Data Collection

Module-3

- 9.Data Preprocessing
- 10.Data Analysis
- 11.Machine Learning Algorithms
- 12.DeepLearning

Module-4

- 13.Image Classification
- 14.Web Site Creation
- 15.Intrgating the Web Site + DL Model
- 16.disease Identification
